EXPERIENCE

MOBILE & WEB DEVELOPER

Our Easy Game LLC, Remote, Sep 2025 - Present

- Lead development of cross-platform mobile applications and modern web solutions.
- Spearheaded major application releases, improving performance, scalability, security, and user experience.
- Successfully planned and executed a migration affecting 20,000+ users with zero downtime and no data integrity issues.
- Designed backend integrations, authentication systems, APIs, cloud infrastructure, and administrative dashboards.
- Collaborated with stakeholders to define product roadmaps and deliver business-critical features.
- Managed testing, CI/CD workflows, deployments, and application releases across platforms.

MOBILE DEVELOPMENT - TUTOR

Warshe961 – Lebanon, Remote, Part-time | July 2025 – Present

- Designed and delivered hands-on lessons in **mobile app development** using **Flutter** and **Firebase** for **college and university students**.
- Mentored students through building real-world apps, from **UI/UX design** to **API integration** and **state management**.
- Guided learners on **best practices for performance optimization**, **secure authentication**, and **app deployment** to Google Play & App Store.

MOBILE APP DEVELOPER

Swift Go – Infinite Realm, Lebanon, on-site, September 2023 – Present

- Spearheaded the development of *Swift Go*, a dynamic ride-hailing and food delivery app tailored for the Lebanese market.
- Built robust, scalable cross-platform mobile apps using Flutter and Firebase.
- Designed intuitive, responsive UIs with real-time updates and localization support.
- Ensured compliance with Google Play and App Store guidelines for seamless deployment and updates.
- Collaborated closely with design, marketing, and operations teams to launch new features based on user feedback.

MOBILE APP DEVELOPER INTERN

Cedars Byte, Lebanon, Beirut, June 2023 - September 2023

- Assisted in the development of mobile applications for various platforms using native and cross-platform technologies.
- Worked with back-end team to integrate RESTful APIs and Firebase services.
- Conducted testing and debugging to ensure high-quality and bug-free applications.

SOFTWARE ENGINEER INTERN

Dolly Soft, Lebanon, Tyr, March 2020 - February 2021

- Improved project performance by collaborating with the back-end team and implementing best practices in API development.
- Documented technical workflows and conducted code reviews to ensure streamlined and efficient project development.
